

# Why Choose FIPP

FIPP is committed to providing the finest professional development opportunities available using evidence-based adult learning strategies. FIPP provides professional development experiences from basic eLearning modules to intensive certification courses. We have a variety of onsite and online trainings available worldwide. We also offer continued individualized support for learners looking to apply what they have learned in their day to day practice. Visit FIPP or take advantage of our online training and learn how to use evidenced-based practices in a real-life context.

Continuing Education credit.

FIPP offers certificates of participation upon request for documenting continuing education hours. Participants must contact their licensing boards and submit the certificate and requested handouts to obtain credits. Approval of credits is at the discretion of the licensing board.

What is the cost?

Cost for training experiences vary depending upon the length, type, and location. Student experiences and visits to FIPP are provided at no cost. Contact our professional development coordinator for a quote.

Who can learn from FIPP?

FIPP welcomes professionals working in early intervention and higher education students who are following an academic curriculum relevant to early intervention.
